

Loved by God

January 1st 2021

Read: Romans 8:31-39

Think:

- Write v31-32 in your own words.
- If God sacrificed his Son for our salvation, what circumstances in life can take that away? When are you likely to forget that?
- What did Jesus do to secure our salvation? What is he doing for us even now?
- What are we conquerors (v37) of (v35)? How does that translate in our life today?

Act:

- Create: Write a poem / draw something / write out a verse / make a list / write a prayer to remind you that God is on your side and is stronger than anything you face.
- How do these verses help you as you face 2021? What can you do to remind yourself of these promises as you face hard times?
- Review the **Act** portions of all the studies you have done in the past week. How can you start putting some of these in action today?
