*One week for fun, friends and learning how to navigate
life with Jesus as your guide and Saviour.*

The speaker: Hamish is married to Jo and father of Seamus, Caitie and Fergus. Hamish & Jo moved to Cronulla Community Presbyterian Church in March 2018. Previous to that Hamish was the minister of Ballina Presbyterian Church for 17 years. Hamish likes the coast, sunshine, and early mornings. Other than that he is old and boring.

The theme: I once announced to a congregation that we would be preaching through the book of Numbers. The response was a pronounced groan. Why would anyone choose to preach through, or sit through a sermon series on the book of Numbers? I am happy to report that the book of Numbers gives some surprising and confronting challenges as well as some timely warnings. Numbers is the account of how God's people having been saved spend their time as they await entry into the promised land. The big question that lurks behind the story of Numbers is this: Will you be faithful or unfaithful? Will you trust God or not? Are you ready for the challenge?
